Dani,

Yesterday Vincent told me that you already have names for all current owners of properties located in the area bounded by:

- \* West side of Cottonflat, and
- \* South side of Francis, and
- \* East side of W. Industrial Loop, and
- \* North side of I-20.

Are the names identified on a plat map that also identifies the properties owned by each person?

If you do have this information, can you scan it into a pdf file and send it to me?
